TERMS OF COVERAGE

1. If a covered system and/or appliance fails during the contract term, **the contract holder must contact Fidelity National Home Warranty's (FNHW) Customer Service Department toll-free at 1-800-308-1420. Calls are received 24 hours a day - 7 days a week. Should the contract holder contract directly with others, or do the work themselves, FNHW will not be responsible for reimbursement of that cost.** Under normal circumstances, services will be initiated by FNHW within forty-eight (48) hours after your request for service is made to FNHW. Our assigned independent service contractor will then call the contract holder directly to schedule a mutually convenient appointment during normal business hours. FNHW will determine what repairs constitute an emergency and will make reasonable efforts to expedite emergency service. If contract holder should request FNHW to perform non-emergency service outside normal business hours, the contract holder will be responsible for payment of additional fees, including overtime. **Should you have any concerns with the independent service contractor providing service under this contract or with scheduling an appointment, please contact the FNHW Customer Service Department at 1-800-308-1420.**
2. Should FNHW grant the contract holder authorization to contact an independent service contractor directly to perform a covered service, FNHW will provide reimbursement based on the following conditions:
 - a. Contract holder selects an independent service contractor that is qualified and insured.
 - b. Independent service contractor provides fair and reasonable rates on parts and labor.
 - c. Contract holder **must contact FNHW** to confirm that service work is covered under the warranty contract by calling **FNHW at 1-800-208-3151** once independent service contractor arrives at the property, and **prior** to contractor performing any repairs for which contract holder may seek reimbursement.
3. **SERVICE CALL FEE:** There is a **\$55.00 service fee due for each trade call, or actual cost of service, whichever is less**, paid to the independent service contractor at the time of service. For example, if a contract holder needs both a plumber and an appliance technician, each will require a separate service call fee. Failure to pay the service fee will result in suspension of coverage until such time as the proper fee is paid. Upon receipt of that payment, coverage will be reinstated for the remainder of the contract term. Service requests must be received prior to the expiration of the contract term.
4. **Service work** is guaranteed (without an additional service fee) for 30 days on labor and 90 days on parts. The 30/90-day guarantee only applies to malfunctions that are reported to FNHW during the term of this contract.
5. **Buyer's Coverage** starts at the close of escrow and continues for one year provided the contract fee is paid at the close of escrow. When contract fee has not been received by FNHW, service will be dispatched once contract payment can be verified by the closing agency and/or another source of contract payment is made (i.e., credit card). All pricing includes applicable sales tax. You must call for service prior to the expiration of this contract.
6. **Coverage for new construction home buyers:** Plan coverage and any optional coverage begins on the first anniversary of the close of escrow and continues for 4 years from that date, provided the plan fee is received by FNHW within 10 working days from the close of escrow. All systems and appliances to be covered must be in good working condition at the time coverage begins on the first anniversary after the close of escrow. Anytime during the first year of coverage, the contract holder may call FNHW for assistance in the event of a problem with the systems or appliances generally described in this plan. FNHW will assist the contract holder in contacting the manufacturer or contact the manufacturer on the contract holder's behalf to determine the remedies available to the contract holder under the manufacturer's warranty for the system or appliance associated with the contract holder's claim.
7. This contract covers single-family dwellings under 5,000 square feet, unless amended by FNHW prior to the start of coverage. Call 1-800-862-6837 for prices on homes in excess of 5,000 square feet, multi-unit buildings, guest houses, casitas and the like. Covered dwellings cannot be used for commercial purposes (i.e., day care centers, nursing care homes, fraternity/sorority houses, etc.).
8. **This contract covers only those parts, systems and/or appliances specifically mentioned as covered and excludes all others.** Covered systems and/or appliances must be located within the main foundation of the home or garage except for exterior well pump, air conditioner/cooler, pressure regulator, waste/stop valves, and swimming pool/spa equipment. All coverage is subject to limitations and conditions mentioned in this contract.
9. **Seller's Coverage covers the Buyer's Standard Plan or Buyer's Comprehensive Plus Plan items when ordered at the time the buyer's coverage is placed.** Seller's Coverage begins upon the issuance of a confirmation number by FNHW and continues for 180 days, close of escrow, or termination of listing, whichever comes first and may be extended at the sole discretion of FNHW. Seller's Coverage is not available on homes in excess of 5,000 square feet, multi-unit homes, guest houses, casitas and the like. **When Seller's Coverage is selected, the diagnosis and repair or replacement of the heating and/or air conditioning system, evaporative cooler, and ductwork is limited to a combined aggregate of \$1,500.00 maximum during listing period.** If the failure of a furnace is due to a cracked heat exchanger or combustion chamber, diagnosis and repair or replacement of the furnace is limited to \$500.00 maximum during the listing period. All Limits of Liability and Terms of Coverage apply.
10. Covered systems and/or appliances must be in good safe working order at the start of contract coverage. Unknown pre-existing conditions will be covered if, at the time coverage began, the defect or malfunction would not have been known to the buyer, seller, agent or home inspector by a visual inspection and/or by operating the system or appliance. Known defects found at the time of a home inspection report are excluded from coverage until proof of repair is received by FNHW.
11. FNHW will repair or replace covered systems and appliances which malfunction due to insufficient maintenance, rust or corrosion or sediment, unless otherwise noted in this contract.
